Wedding of the Century:

Congratulations to Poppy and unda who finally got "Hitched" recently in a "private" ceremony. 30 bashers gate-crashed the event to wish the happy couple well (and mainly to throw uncooked rice at unda!!!) Poppy looked radiant in her flowery wedding outfit, whilst unda looked like ...well "unda"!!! The wedding day went smoothly with Blaster yet again falling asleep...of the wedding consummation Poppy described it as "non-technical or demanding, more of a gentle undulation! Unda's response was "Maxin it could have risked a sudden dislocation which I didn't want on the first night!" (we think he was talking about his new hip)

The King Of Love's chat-up lines:

For all you lonely, timid female cyclists out there its leap year so the king of love is at hand to help you become irresistible to the opposite (or same) sex!

No 4: Is that a carbon one-bolt seat post in your pocket or are you just pleased to see me?

Bobbi Ball's done it again! He's only managed to drink the mayor of Sidbury's beer...of this incident the mayor was heard to say "quick get the police somebody has drunk my pint" to the dungeon with him I say"

At this point Bobbi ball & Buck 2 were heard to say "Quick the culprit left out the back door" as they fled through the front door!

Bothways "off-road" cycling tips

No 5: When manoeuvring through "rock gardens" wear maximum protection; walk slowly & carefully using extreme caution if wet & slippery...**Think Bobbi ball's fingers!!**

Is Pottsie a secret James Bond fan? Shinpads (our roving reporter) thinks he is, she has recently spent hours analysing the bashers names and has found this interesting link between the names and James Bond films:

There appears to be 3 films without a link to a basher: has he forgotten these? Or should nameless new bashers beware!!

Bashers that are crashers: Ouch I bet this hurt!!!! Bobbi ball came a cropper when he didn't quite make a rocky down hill at cheesy cheddar:: of the accident Bobbi Bal said "I just couldn't decide what route to take" (now there's a surprise!!)

Wiffy's sweet reminiscence!!!

It was my first time ever
And I'll never forget
I'd do it again
Without a single regret.
The sky was dark
The moon was high
We were all alone
Just she and I.
Her hair was soft
Her eyes were blue
I knew just what
She wanted to do.
Her skin so soft
Her legs so fine
I ran my fingers
Down her spine.
I didn't know how
But I tried my best
I started by placing
My hands on her breast.
I remember my fear
My fast beating heart
But slowly she spread
Her legs apart.
And when I did it
I felt no shame
All at once
The white stuff came.
At last it's finished
It's all over now
It was my first time ever
At milking a cow...

BASH PAGE 3 STUNNA!

Faggots - an environmentally friendly totally green extreme mountain biker. He loves the feel of adrenaline whilst maxing it down awesome death defying drop-offs. However girls if you want to impress him he complements a meal of peas & gravy very well!!

Debacle's short term memory loss: concerns are being raised about Debarcle's memory loss. He recently turned up for a ride with his bike minus his seat & seat post..on thinking careful he remembered he had "left it in the caravan for safe keeping...so had he actually forgotten his seat & post or the caravan?..to help him in future we have devised a packing list for all bash rides:

Debacle's bike packing list:

x1 Frame
x2 wheels+ x2 tyres+ x2 inner tubes (-holes)
x1 chain + set
x2 Discs+ x2 disc pads
x2 pedals
x1 rear + 1 front derailleur
x1 seat + seat post
Handle bars
x1 pair shoes
x1 helmet
x1 pair shorts/trousers/padded under garment
x1 top
Yourself

For any other bashers suffering this type of forgetfulness this list can be used by simply changing debacles name with their own

The Phantom of the pedal Bashers - or is it the monster from the bog emerging? (I think Manky looks better than usual!!)

Bird's Bike maintenance tips:

Find a Man to do it for you!.....
Otherwise....

If a lack of lubrication has caused your nuts to seize up in a tight place try slipping a saw blade behind the back of the nuts and saw gently but firmly until the nuts are finally released.. If good access is available make 2 diagonal cuts, open up the slots with a cold chisel and hammer...usually your nuts will fall apart at this point....

If this fails contact Aunt Sally who is very good at lubricating small parts!:

Tour Gossip:

Dusty & Snakey's Easter weekend: what a weekend!!! A group of hardy bashers spent the Easter weekend at the base camp of Snowdon, they endured below freezing conditions, gale force winds, blizzards, hail, rain and sunshine!!!!...most in vans but a few in tents!! (One basher admitted to having problems maintaining his rigid erection over night... the softening of the structure could be linked to the extreme wind and wetness he suffered throughout the night)

Some of the hardier (stupid) bashers ventured up Snowdon on Friday to "max it" down in "shocking" conditions with limited visibility and frozen appendages (fingers!!). The campsites turned into a quagmire with the even most harden campervanners succumbing to the soft grass and sinking!!! Fortunately a cheerful farmer came to the rescue in his tractor pulling them out the next day! Bothways required "jump starting" (by 3 different male bashers on separate occasions) each morning to get her "going". However the cycling was awesome, lots of single track paths around the edge of mountain: some technical and some flowing, the evenings were spent consuming food & drink (with Gary finding his appetite far outweighed the "mighty welsh mixed grill"). A bril weekend was spent by all, despite the weather..well done to the organisers.

Dandys dinky dix tour: A "variety" of bashers headed over to Dandy's abode in the sunnier climate of France. Some cycled from the ferry port and some drove cycling back to a pre arranged rendezvous for food, drink then to complete the cycle to the house with the hardier bashers. Unfortunately one basher required "rescuing" by the "support vehicle" due to ill fitting multiple undergarments resulting in a very "sore arse" (no names mentioned but his "balls" were sore too!!). The tour experienced a mini French heatwave...GREAT...allowing evening meals outside, warm sunny cycles but unfortunate for 1 "hot" basher who brought only cold weather cycling kit !!! Old Fart made a welcome reappearance spending a couple of flatulent day cycling with the troops! The cycling was as usual great, mud appeared to be a cause for concern to Dandy who when seeing a path full of mud visibly shivered with fear and turned the group around to find "an alternative track to avoid getting muddy"...Wimp!!! Mayday was a cause for concern, once trying to push Bothways off her bike into a puddle and a more serious assault on Bobbi ball- who was happily cycling along without a care in the world when Mayday deliberately force him off the road- his defence (as he was picking bobbi ball up off the ground) was "I was led astray by old fart and alcohol again". Where was Manky in all this? He was cycling back to find his GPS that was lost!!!!(actually he had forgotten it in the previous pub!). A sinister side to Heidi emerged when he was found to be an extremely bad loser at UNO! Buck-2 again provided gourmet cuisine which was appreciated as all the pre-arranges lunch stops appeared to lack the prearranged food!!!

Many thanks to both Dandy & Katrina for possibly the best dinky tour yet!

Main Tour 2008: Italy: A smaller than usual but highly selective group of bashers (including 2 non-cyclists- Morgan & Liz) ventured to Italy on Timotei's final tour...and what a final tour it was- the three groups: free riders, XC and Roadies were well catered for, Timotei was heard to say "the single track was some of the best he had ever ridden", the XC's had great flowing semi technical downs with "brilliant " (according to Bothways) mountain climbs and the roadies had "fantastic" road rides, with elongated well lubricated "lunch stops" followed by lifts back up the mountain home! Each group had plenty of "up lifts" the Free riders did have descent in the ranks when they were made to do one mountain climb..it was decided that "free riders only go down". Kamakazie Joe managed to wreck yet another biking superbly jumping off a rock buckling the front wheel... fortunately "dad" was at hand to do yet another "arkle" repair by jumping on it till it straighten! The XC's had a multitude of mechanicals throughout the week with Bothways loosing her "bounce" at the start of the holidays- thanks to the guides for finding it again! and Bobbi ball cycling his usual "wreck" of a bike for the whole week! Duncan requiring one rehab day in the XC group to recover from a hand injury...during this day he was heard to offer not rubber "a mouth full of his nuts to munch on whilst riding"- rubbers answer was *****! The guides were all great; they showed excellent knowledge of the environment and tracks. Speaking for the XC group, the rides were lead with enthusiasm and a great deal of patience by Jo & Adie whilst getting even the least confident off roader of the group down a flight of steps whilst still riding her bike!

We stayed in a "quaint hotel in the Village of Molini run allegedly by descendents of the last witches that had been executed in the village of Tiora above. The food was "magnificent" according to Fallen Women, 7 course meals including snails, wild boar and plenty of venison...there was even food left over at the end of the meal (even Kamakazie Joe was fall). The weather was a little "damp" but did not deter the spirits of the bashers, some even ventured in the sea at San-remo on their "day off". The evenings consisted of "waddling" over to the bar opposite for drink, table top football and connect four!! The last night found the bash being invited to the "local millionaires" pad for a heavy rock tribute band, copious amounts of alcohol and dancing into the wee hours of the morning...one non cyclist found walking to be a little difficult and windy on the way home and Buzzer & Ken-the-rave had to evict a "squatter" from their room!

So despite the wet weather, the tour was a great success and a second visit (or first if you didn't make the tour) is well recommended. WELL DONE TIMOTEI

Comforting Cousin Colin (he's not dodgey!) is here this issue standing in for Axel as she's taking a break, He might be a bit harsh, **But** he's still more sympathetic than our Ed!

Dear comforting Colin, I am just returning to cycling after not having ridden much over the winter months. I am now worried that my bum looks big in Lycra, what do you suggest?

Wobbly buxom wench – snail mail.

Colin replies not very comfortably!

Well lard ass, what do you expect 'no pain no gain' & get yourself some Baggies. But look on the bright side you will always have some where to park you bike!

Dear comforting Colin;

My boyfriend has a single-track mind; he can't stop thinking about it! He talks all the time about smelly rings, the bra and panties run, the dogs bollocks (that's worrying me the most!) & finding new rides all over the country.

Am I losing him and should I get myself tested at the clinic?

Confused non-Haldon rider.

Colin replies - somewhat dodgely actually!

Get your own back, test him by talking about your hard tail, G spot, or how he only has 6 inches of travel so mustn't get carried away.

Viagra is now available in powder form for your tea.

It doesn't enhance your sexual performance but it does stop your biscuit going soft.

Scandal: Mustang sally offers curly haired bashers a blow-job: Its true...mustang sally was heard to invite a fellow basher round to "her place" for a "blow job". It appears she prefers curly haired bashers to straight hair as the "blow job" of the curly variety is more challenging. It appears in recent weeks that the male bashers are favouring the "permed" look!!!!

For sale: Following recently published research into the size of a male penis, it has come to light that many of the male bashers are sadly falling short of the full average **6.2 inches or (157mm)**. To help all bashers meet the national penis average size the TVPB has joined forces with the local government agencies to promote this easy to use penis enlarger. It comes hand wrapped in a large brown box with easy to understand instructions at a knock down price of £19.99 plus free box of tissues whilst stocks last. For exceptional results use well lubricated 3 times a day for the next 20 years and you will end up hung like a donkey

OLD R.J

R.J is 92 living in a OAP home. Each night after dinner, RJ shuffles to the secluded garden to sit, listen to music & reminisce over his long life.

One evening, Mustang (now aged 86), wanders by. They chat for several hours then RJ turns to Mustang saying "Do you know sex is what I miss most of all?" "SEX!!" she exclaims-"Why you old devil, you couldn't get it up if I held a gun to your head!"

"I know," says RJ wistfully "but it would be nice if you could just hold it for a while."

"Ok" says Mustang eagerly unzipping his trousers, once she located his manhood she held it tightly. Afterwards, they met secretly every night for Mustang to hold RJ's manhood.

Then, one night, RJ didn't show up at their usual meeting place.

Alarmed Mustang went to find him, whilst searching around the OAP home she found him sitting by the pool with an old hasher, who was holding RJ's manhood! Furious, Mustang yelled, "You two-timing Bastard! ----- What does she have that I don't have?"

Old RJ smiled happily and replied, "Parkinson's..
